---

Dear Friends of Highland Free School,

We have until December 31, 2010, to take advantage of Arizona's Tuition Tax Credit.

As you know, Arizona has one of the best education choice laws in the country, the *Arizona Tuition Tax Credit*. This tax credit gives every Arizona taxpayer a choice: you can pay your state income tax as usual and have the state of Arizona decide where to spend your money, or you can re-direct up to \$1,400.00 of your taxes to enhance education at Highland and/or provide scholarship monies.

There are two ways to help Highland and take advantage of the Tax Credit:

**FIRST-** a contribution of up to \$200 (\$400 per couple) can be given directly to Highland Free Charter School.

**SECOND-** a contribution of up to \$500 (\$1,000 per couple) can be given to a School Tuition Organization (STO), which in turn gives the money to schools for scholarships. The organization that would help Highland Free School with the extended day and the summer school program is called *Alternative Schools Scholarship Fund, Inc.*

***The individual taxpayer can do both to help the same school!***

This year, there is also a Corporate Income Tax Credit (see Nick for information).

This tax credit program can be a big help to Highland Free School and our students. It can only be a success with help from you and your friends.

Thank You,  
Highland Free School
